Vice-Chair Jack Jacobi and Principal Bill Runey led a discussion with three students from Attleboro High School regarding student locker use. It was determined that not all students use and/or need lockers given that digital devices are replacing the use of textbooks. As a compromise for those that need to use a locker it was suggested to have a bank of lockers near the cafeteria that are shorter and wider than the current locker design. The design team will research the number of lockers allowable in the space suggested.

MSBA Board of Directors meeting scheduled for August 23, Vice-Chair Jack Jacobi suggested a large contingency should attend the meeting to show support for the district. Mary Ann Williams agreed.

Discussion and review of floor plan Option 4B by Kaestle Boos representative. Superintendent David Sawyer explained the ACA program which is a separate school within AHS. Students take both day and evening classes with ACA receiving reimbursement from the state. Barry Lacasse suggested the value of the ACA program should be stressed to the MSBA, Vice-Chair Jacobi agreed and asked Superintendent Sawyer to develop an effective case to present to the MSBA.
