RE: Dean Street Sidewalk Construction

Dear Resident,

Beginning in mid-May, the City of Attleboro will begin repairing sidewalks along Dean Street. Sidewalks will be repaired from North Main Street to Perrin Street on the southerly (odd numbered side) side of the roadway

The sidewalk construction will take place over several weeks, and the construction is weather dependent. The first phase of construction will include removal of the existing sidewalk. Following this, curbing will be realigned. Next, sidewalks will be poured. The final phase of the sidewalk construction will include repair of driveways. Public Works crews and our contractor will work with each resident to try to minimize the disruption caused by the construction.

We recognize that roadway construction may also bring dust and noise. Please accept our advance apologies for any inconvenience caused. Your patience is very much appreciated. If you have any questions, or need more information, please contact me at 508-223-2222, ext. 3161 or by e-mail at dpwsupervisor@cityofattleboro.us.

Respectfully,

Michael Tyler
SUPERINTENDENT OF PUBLIC WORKS
