1. **Types of applications facilitated by the Planning Board:**

   - Special Permit Petitions
   - Repetitive Petitions (MGL Ch. 40A, §16)
   - Plan Believed Not Requiring Approval Under Subdivision Control Law (Form A)
   - Preliminary Subdivision Plan Petitions (Form B)
   - Definitive Subdivision Plan Petitions (Form C)
   - Street Extension Plan Petitions (Form E)
   - MGL Ch. §81W, Amendment, Modification, Rescission of Plan Petitions (Form G)
   - Street Discontinuance Plan Petitions (Form H, see Municipal Council)
   - MGL Ch. §81U, Approval, Modification, or Disapproval of Plan Petitions (Form I)
   - Schematic Plan Petitions
   - Pre–Application Conference Petitions

   All petitions filed with the Office of the City Clerk must be on an application that is provided by the Department of Planning and Development. All petitions must be completed thoroughly and accurately. Applications that are facsimiled will not be accepted.

2. **Timeframe:**

   - **Special Permit Petitions** – a public hearing is held within sixty–five (65) days of the filing dated; a decision is rendered within ninety (90) days from the close of the public hearing.
   - **Form A** – decision is rendered within twenty–one (21) days of the filing date.
   - **Form B** – a decision is rendered within forty–five (45) days of the filing date.
   - **Form C** – if a definitive plan application is filed within seven (7) months from the date on which a preliminary plan was filed, a public hearing is held and a decision is rendered within ninety (90) days from the filing date; if no preliminary plan is filed or the definitive plan is not filed within seven (7) months from the date on which a preliminary plan was filed, a public hearing is held and a decision is rendered within one hundred and thirty–five (135) days from the filing date.
   - **Form E, Form G, Form I** – a public hearing is held and a decision is rendered within one hundred and thirty–five (135) days from the filing date.

   **Filing of a Decision** – The Clerk of the Planning Board files the Board’s decisions with the Office of the City Clerk within fourteen (14) days of the decision date, but no later than the deadline date to render a decision.

   **Appeal Period** – Once the decision of the Planning Board is filed with the Office of the City Clerk, a twenty (20) day appeal period commences during which time any “party–in–interest” may file an appeal pursuant to MGL CH. 40A, §17 (THE ZONING ACT) or MGL CH. 41, §81–BB (SUBDIVISION CONTROL LAW), as applicable.

3. **Filing Fee:**
• Special Permit – OSRD, Standard Design............. $575.00 plus $25.00 per one–family lot and two–family lot
• Special Permit – OSRD, Affordable Housing....... $575.00 plus $25.00 per one–family lot, $25.00 per two–family lot, and $10.00 per multi–family unit
• Special Permit – OSRD, Green Design............... $575.00 plus $25.00 per one–family lot, $25.00 per two–family lot, and $10.00 per multi–family unit
• Special Permit – Mobile Home Park $575.00 plus $25.00 per lot
• Special Permit – Landfill (new) $575.00 plus $6.00 per acre or fraction thereof per acre
• Special Permit – Landfill (renewal) $2.00 per acre
• Special Permit – WRPD $150.00
• Repetitive Petition (MGL Ch. 40A, §16) $75.00
• Pre–Application Conference $100.00
• Form A Plan $50.00 plus $15.00 per residential lot created which satisfies the minimum lot area requirement of the underlying use district
• Form B (Preliminary Subdivision Plan) $200.00 plus $25.00 per lot
• Form C (Definitive Subdivision Plan) $575.00 plus $1.00 per linear foot
• Form E (Street Extension Plan) $275.00 plus $1.00 per linear foot
• Form G (MGL Ch. §81W Plan) $575.00
• Form I (MGL Ch. §81U Plan) $575.00
• Schematic Plan $50.00

Please note that pursuant to §9.31 DELINQUENT TAXPAYERS of the REVISED ORDINANCES OF THE CITY OF ATTLEBORO, no application may be filed with the Office of the City Clerk or be processed by the Department of Planning and Development unless it is signed or initialed by both the City Collector and the City Treasurer. An application will not be processed if real estate taxes, excise taxes, licenses and permit fees, or other municipal charges are owed by either the application or the property owner.

Please note that pursuant to Board of Health policy, the Health Department requires that percolation tests and deep hole observations be performed for any residential lot that will not be connected to the municipal sewer system prior to the filing of an “Approval Not Required” plan (Form A), a preliminary subdivision plan (Form B), a definitive subdivision plan (Form C), and a definitive street extension plan (Form E) with the Office of the City Clerk. The location of percolation tests and deep hole observations, as well as the percolation rates, must be shown on said plan. An application will not be processed without the Health Agent’s, or his designee’s, signature on said application.

4. Submission Requirements:
   a. The following must be prepared in a discrete package for filing with the Office of the City Clerk. The Planning Department staff will walk the materials over to be filed.
      • One (1) copy of the petition containing all required original signatures.
      • One (1) copy of the site plan.
      • One (1) copy of the list of abutters.

   b. The petitioner must submit the following to the Department of Planning and Development after the filing of the petition with the Office of the City Clerk.
• One (1) copy of a Form A, Form B, Form C, Form E, Form G, Form I petition; or in case of a special permit, ten (10) copies of the petition.
• Two (2) copies of the certified list of abutters and two (2) copies on adhesive labels.
  o The list of abutters containing (as such information appears on the most recent applicable tax list in the Office of the City Assessor): (a) name and address of the petitioner, (b) name and address of the property owner, if different than the petitioner, (c) name and address of the representative of the petitioner, if any, (d) for special permit applications – the name and address of all direct abutters; name and address of abutters to abutters within three-hundred (300’) feet; and name and address of those persons directly across the street from the subject premises, (e) for definitive plans – the name and address of all direct abutters (f) for street extension plan – the name and address of all abutters along the entire street. The names and addresses must be typed on the enclosed form as well as on the adhesive labels. Also, the list of abutters must be certified by the City Assessor before the petition is filed with the Office of the City Clerk (Form A and Form B applications do not require a list of abutters).
• A site plan prepared on the mylar and five (5) sets of blueprints must accompany Form A petitions at the time of filing (see Planning Board’s RULES AND REGULATIONS GOVERNING THE SUBDIVISION OF LAND, as amended).
• Eleven (11) sets of site plan blueprints must accompany Form C, Form E, Form G, Form I petitions at the time of filing (see Planning Board’s RULES AND REGULATIONS GOVERNING THE SUBDIVISION OF LAND, as amended).
• Seventeen (17) sets of site plan blueprints must accompany Form B petitions at the time of filing (see Planning Board’s RULES AND REGULATIONS GOVERNING THE SUBDIVISION OF LAND, as amended).
• Eleven (11) sets of site plan blueprints must accompany special permit petitions at the time of filing.
• A USB flash drive containing a digital copy of all submission materials for Form B, Form C, Form E, Form G, and Form I
• It is strongly recommended that the petitioner obtain a copy of the Planning Board’s RULES AND REGULATIONS GOVERNING THE SUBDIVISION OF LAND, as amended, from the Department of Planning and Development in order to familiarize oneself with the contents of the applicable section(s).
• The petitioner and parties–in–interest will be notified by the Department of Planning and Development regarding the date of the public hearing. The Planning Board requires that the petitioner and/or a representative attend the public hearing.

If there are any questions, please feel free to contact the Department of Planning and Development:
Gary G. Aygrassian, Director of Planning and Development at 508.223.2222 (ext. 3143)
Stephanie Davies, Senior Land Use Planner at 508.223.2222 (ext. 3144)
Nicholas Wyllie, Conservation Agent at 508.223.2222 (ext. 3145)
Lauren Stamatitis, Planning Administrator at 508.223.2222 (ext. 3141)
Facsimile #: 508.222.3046

ATTLEBORO PLANNING BOARD
APPLICATION FOR A DEFINITIVE SUBDIVISION PLAN

File the fully completed original application with the Office of the City Clerk. After filing the original with City Clerk, submit one (1) copy of the application, and twelve (12) copies of the site plan to the Department of Planning and Development in accordance with the requirements of MGL Ch. 41 and the local subdivision regulations. A list of the names and addresses of the abutters, certified by the City Assessor, must accompany this application. The Board will make notification. All necessary materials must be submitted at the time of filing. AN INCOMPLETE SUBMISSION OR FACSIMILED APPLICATION WILL NOT BE PROCESSED.

The undersigned herewith submits the accompanying proposed subdivision plan of property, entitled ____________________________, located in the City of Attleboro for review and approval as a definitive subdivision as allowed under MGL Ch. 41, SUBDIVISION CONTROL LAW and the Planning Board’s RULES AND REGULATIONS GOVERNING THE SUBDIVISION OF LAND, as amended.

1. Name of Applicant: ________________________________________________________
   Address and Telephone #: ________________________________________________________

2. Name of Property Owner: ________________________________________________________
   Address and Telephone #: ________________________________________________________

3. Name of Engineer: ________________________________________________________
   Address and Telephone #: ________________________________________________________

4. Location of Property: ________________________________________________________

5. Deed/Property Recorded In: ________________________________________________________
   Book:__________ Page:__________

6. Assessor’s Plat #(#s):________________________ Lot #(#s):________________________

7. Zoning District(s):______________________________________________________________
8. Indicate the total land area of the site (exclusive of surface waterbodies such as ponds or rivers): ________

9. Indicate if there are any wetlands on the site:  ☐ Yes  ☐ No

10. Indicate if any portion of the site is located within the 100–year floodplain:  ☐ Yes  ☐ No

11. Indicate the date when the height of the seasonal high groundwater table was measured: ______________

12. Indicate the type of the proposed stormwater management system: ________________________________

13. Indicate the location and size of the closest municipal watermain: ______________________________

14. Indicate the location and size of the closest municipal sewer line: ______________________________

15. Indicate the total number of proposed lots: __________________________

16. Indicate the total number of proposed house lots: __________________________

17. List the name, length and width of all proposed streets: ________________________________

18. If any waivers are being requested, state the waiver, cite the (sub)section from which the waiver is being requested, describe the extent of the waiver, and clearly explain in detail the reason and need for the waiver.
19. Please add any additional information in the space provided below that you think may be helpful to the Planning Board with its review of your proposed definitive subdivision plan.

20. It is the responsibility of the petitioner to deliver a copy of the proposed definitive subdivision plan to all of the municipal departments listed below. Signatures certify that plans have been delivered to the following departments before the application has been filed with the City Clerk.

   **Signature and Date:**

   Planning Board: ___________________________________________________

   Conservation Commission: ____________________________________________

   Public Works Department: ____________________________________________

   Water Department: _________________________________________________

   Wastewater Department: _____________________________________________

   Health Department: _________________________________________________

   Fire Department: _________________________________________________
21. Signature of Applicant: ________________________________________________________

22. Signature of Owner: ________________________________________________________

23. Signature of Representative: ________________________________________________________

24. Pursuant of §9.31 DELINQUENT TAXPAYERS of the REVISED ORDINANCES OF THE CITY OF ATTLEBORO, as amended, I attest that, to the best of my knowledge, I have paid any and all real estate taxes, excise taxes, or any other municipal charges.

Signature: ________________________________________________________

Owner

Please note that pursuant to §9.31 DELINQUENT TAXPAYERS of the REVISED ORDINANCES OF THE CITY OF ATTLEBORO, as amended, this application cannot be filed with the Office of the City Clerk or be processed by the Department of Planning and Development unless it is signed or initialed by the City Collector and the City Treasurer.

Debora Marcoccio, City Collector _____________________________________
Laura L. Gignac, City Treasurer _____________________________________

Please note that pursuant to Board of Health policy, this application cannot be filed with the Office of the City Clerk or be processed by the Department of Planning and Development unless it is signed or initialed by the Health Agent. The Health Department requires percolation tests and deep hole observations to be performed for each proposed buildable lot that will not be connected to the municipal sewer system prior to the filing of said application with the City Clerk’s Office. The Health Department requires the submission of all related information and data such as percolation rates. The Health Department further requires the location of all the percolation tests and deep hole observations to be delineated/shown on said plans.

Alan Perry, Health Agent _____________________________________
CHECKLIST FOR DEFINITIVE AND STREET EXTENSION PLANS

PREPARATION AND REVIEW

The following shall be submitted to the Planning Board with every definitive and street extension plan application. Please check each box to indicate that you have included the information with your application, detailed where in the plans or reports the information can be found, and sign the statement on page C–4. The application will not be accepted by this department for processing unless: (a) the engineer signs and stamps the certification on page C–4 and (b) all portions of this checklist are filled out and accompany the application at the time of submittal.

☐ The original Definitive Subdivision plan and eleven (11) copies
☐ Plans at a scale not greater than 1"= 80'. Size shall not exceed 24"x36". If multiple sheets are used, an index showing the entire subdivision must be provided
☐ Name, legal address, and telephone number of record owner, subdivider and registered engineer and/or registered land surveyor
☐ Property identification, including names of abutters from the most recent tax list and Assessor’s map numbers of the abutting properties
☐ Subdivision name, true north point, date, and scale
☐ Lot Information, including sufficient data to readily determine location, bearing, and lengths of all lot lines
☐ Ways, Easements, and Right–of–Ways
☐ Centerline Stations of each street, at fifty (50') foot intervals
☐ Location of all angle points and tangent points of curves of all ways
☐ Location of all existing monuments
☐ Proposed Street Names
☐ Location of existing underground structures
☐ Key sketch at a scale of 1"=1,000'
☐ Areas set aside for conservation and recreation uses
☐ Signature space to record the signatures of nine (9) members of the Board
☐ Signature block for City Clerk pursuant to §5.11 ENDORSEMENT AND RECORDING
☐ Dates of preliminary plan application filing and approval
☐ Zoning District(s)
☐ Reference to deed as recorded in Registry
☐ Detailed Project Narrative
☐ Final Stormwater Plan which illustrates at a minimum:
  ☐ Existing and proposed topography (minimum of 2–foot contour interval) (see sheet(s) # ______)
  ☐ Existing and proposed watershed delineations (see sheet(s) # ______)
  ☐ Perennial and intermittent streams (see sheet(s) # ______ or indicate N/A)
Mapping of predominant soils from USDA soil surveys as well as location of site-specific borings and/or test pits (see sheet(s) # _______)

Boundaries of existing predominant vegetation and proposed limits of clearing (see sheet(s) # _______)

Location and boundaries of resource protection areas such as wetlands, lakes, ponds, and other setbacks (e.g., stream buffers, drinking water well setbacks, septic setbacks) (see sheet(s) # _______)

Location of existing and proposed roads, buildings, and other structures (see sheet(s) # _______)

Location of existing and proposed utilities (e.g., water, sewer, gas, electric) and easements (see sheet(s) # _______)

Location of existing and proposed conveyance systems such as grass channels, swales, and storm drains (see sheet(s) # _______)

Drainage flow paths (see sheet(s) # _______)

Location of floodplain/floodway limits and relationship of site to upstream and downstream properties and drainages (see sheet(s) # _______ or indicate N/A)

Location and dimensions of proposed channel modifications, such as bridge or culvert crossings (see sheet(s) # _______ or indicate N/A)

Soils information from test pits or borings at the location of proposed stormwater management facilities, including but not limited to soil descriptions, depth to seasonal high groundwater, depth to bedrock, and estimated hydraulic conductivity. Soils information will be based on site test pits or borings logged by a Massachusetts certified Soil Evaluator, or a Massachusetts Licensed Professional Engineer (see sheet(s) # _______ and/or page(s) # _______ of narrative or stormwater report)

Site Design Features that document the following:

Mapped steep slopes greater than 15% and forest stands exceeding 10,000 square feet in area (see sheet(s) # _______ or indicate N/A)

Delineated building envelopes that avoid steep slopes, forest stands and floodplains, and provide applicable buffers from wetland resource areas (see sheet(s) # _______ or indicate N/A)

Identification of natural open space provided on-site and calculation of percent natural open space provided (see sheet(s) # _______)

Methods used to minimize impervious area and calculated total percent impervious onsite (refer to the latest edition of the MASWMS for more information on available methods) (see page(s) # _______ of narrative)

Methods used to disconnect impervious surfaces and calculated percent of “effective” impervious area (refer to the latest edition of the MASWMS for more information on available methods) (see page(s) # _______ of narrative)

Representative cross-section and profile drawings, notes and details of structural stormwater management practices and conveyances (i.e., storm drains, open channels, swales, etc.), which include:
- Locations, cross sections, and profiles of all streams and drainage swales and their method of stabilization (see sheet(s) # _______)
- Existing and proposed structural elevations (e.g., invert of pipes, manholes, etc.) (see sheet(s) # _______)
- Design water surface elevations (see sheet(s) # _______)
- Structural details of outlet structures, embankments, spillways, stilling basins, grade control structures, conveyance channels, etc. (see sheet(s) # _______)
- Logs of borings and/or test pit investigations along with supporting geotechnical report (see page(s) # _______ of narrative or stormwater report)

Hydrologic and hydraulic analysis for all structural components of stormwater system (e.g., storm drains, open channels, swales, stormwater management practices, etc.) for applicable design storms, including:
- Existing condition analysis for watershed boundaries, curve numbers, time of concentrations, runoff rates, volumes, velocities, and water surface elevations showing methodologies used and supporting calculations (see page(s) # _______ of narrative or stormwater report)
- Proposed condition analysis for watershed boundaries, curve numbers, time of concentrations, runoff rates, volumes, velocities, water surface elevations, and routing showing the methodologies used and supporting calculations (see page(s) # _______ of narrative or stormwater report)
- Final sizing calculations for structural stormwater management practices including, contributing drainage area, storage, and outlet configuration (see page(s) # _______ of narrative or stormwater report)
- Stage–discharge or outlet rating curves and inflow and outflow hydrographs for storage facilities (e.g., detention, retention or infiltration facilities) (see page(s) # _______ of narrative or stormwater report)
- Dam breach analysis, where necessary, for earthen embankments over eight (8’) feet in height and less than 2,000 feet upstream of a road crossing or structure (see page(s) # _______ of narrative or stormwater report or indicate N/A)

Final landscaping plans for structural stormwater management practices and any site reforestation or revegetation, including:
- Location of woody and herbaceous vegetative stabilization (see sheet(s) # _______)
- Species, size, planting methods, and maintenance requirements of proposed landscaping (see sheet(s) # _______ and/or page(s) # _______ of narrative or stormwater report)

Structural calculations, where necessary (see page(s) # _______ of narrative or stormwater report or indicate N/A)

Applicable construction specifications (see sheet(s) # _______)

Erosion and sediment control plan that at a minimum meets the requirements of these Regulations and the Massachusetts Stormwater Policy Standard #8 (see sheet(s) # _______ and/or page(s) # _______ of narrative
or stormwater report)

☐ Sequence of construction (see sheet(s) # _______ and/or page(s) # _______ of narrative or stormwater report)

☐ Maintenance plan, which will include:
  ☐ Description of annual maintenance tasks (see page(s) # _______)
  ☐ Description of applicable easements (see page(s) # _______)
  ☐ Minimum vegetative cover requirements (see page(s) # _______)
  ☐ Access and safety issues (see page(s) # _______)

☐ Identification of all anticipated applicable local, state and federal permits (see page(s) # _______ of narrative or stormwater report)

☐ Identification of all necessary legal agreements (e.g., off-site easements, covenants, land trusts) (see page(s) # _______ of narrative or stormwater report)

I attest, as the project engineer, that to the best of my knowledge, all items required above are included as part of this stormwater management Definitive Plan application filing.
