ZONING AND LAND USE

Todd Kobus, Chairperson

The Mayor respectfully submits an Easement from Riverbank Associates, Inc. that has been approved as to form by City Solicitor Cynthia Amara. When sidewalks were installed on the parking lot area side of Riverbank Road, it trapped rainwater that used to flow out into the street drainage. This easement is needed so the City may install and maintain one or more water filtration basins on a limited portion of 35 County Street in order to allow water that pools in the rear of the property to undergo proper filtration and to be directed to the City's drainage pipe, which releases excess water into the Ten Mile River. Therefore,

the Mayor respectfully requests that Your Honorable Body accept this easement as show on a sketch entitled: "Basin Easement" (Exhibit A).
